The HydroGrow Vision 1 system includes the following:

- Powder coated frame
- Netting: 110 mm PVC pipes
- 72 Slatted black pots
- Reservoir
- Air pump
- Water pump
- 10 meters electrical cord
- Growth medium
- Plant nutrition
- Delivery
- Installation

Accommodates 72 plants
1.5m width
2.3m length
2.3m height

The HydroGrow Vision 2 system includes the following:

- Powder coated frame
- Netting: 110 mm PVC pipes
- 36 Slatted black pots
- Reservoir
- Air pump
- Water pump
- 10 meters electrical cord
- Growth medium
- Plant nutrition
- Delivery
- Installation

Accommodates 36 plants
850cm width
1.5m length
2.04m height

TIPS/HINTS

1. Water levels should be check daily to ensure the reservoir doesn’t run dry and cause damage to the pumps.
2. Ensure that water runs through the pipes and back to the reservoir without overflowing.
3. The plant nutrient should be added according to the instructions on the bottle.
4. Systems require 5 to 6 hours sun per day.
5. Systems should run for at least 12 hours per day and can be switched off at night.
